

# CLEANING GUIDE *For Use With*

## THERMOPLASTIC/ACRYLIC FOOD SHIELD PANELS

### STANDARD CLEANING RECOMMENDATION

For general purpose cleaning, wash Vivak PETG sheet with a mild (non-abrasive) soap solution and lukewarm water. Make sure to use a lint-free cloth to avoid scratching the sheet. To prevent water spotting, thoroughly dry with chamois or cellulose sponge.

### SUGGESTED CLEANING AGENTS

The following cleaning agents were found to be compatible with Vivak PETG sheet under laboratory conditions.

#### Soaps/Detergents:

- Joy (trademark of Procter & Gamble)
- Mr. Clean (trademark of Procter & Gamble)
- Fantastik (trademark of Texize - division of Norton Norwich Products Inc.)
- Formula 409 (trademark of the Clorox Company)

#### Organic Solvents:

- Kerosene
- Isopropyl Alcohol
- Methanol
- Naphtha

*\*NOTE - All residual organic solvents should be removed with a secondary rinse. Keep duration of exposure to solvents at a minimum.*

### GRAFFITI REMOVAL

Butyl cellosolve may be used to remove paint from Vivak PETG.

### STICKY SUBSTANCE REMOVAL

To remove old stickers or labels, VM&P Naphtha or kerosene are often effective.
